NOTE: The above information can only be used as a general guide. The listed features and performance characteristics are approximate values, which are not part of the product specification. Because of the processing and application conditions outside of our influence and the multitude of different materials, we recommend to carry out sufficient self-tests. A liability for specific application results can therefore not be derived from the information and notes in this leaflet. In the context of our sales conditions, a guarantee is given solely for the consistently high quality of our products. With the publication of this edition, all previous technical information sheets are invalid.
